April 28, 2020

Ref: Update on School Reopening Date

Dear Students and Staff,

Training at the MITAGS East and West Coast Campuses will remain suspended through Friday, May 29, 2020. The reopening date of both campuses has been rescheduled for Monday, June 1, 2020. We will continue to monitor changes in government directives.

In the interim, MITAGS is offering a number of online [blended](#) courses. New courses are being added regularly. The blended courses will significantly shorten your stay at the campuses. For more information please visit our website (www.mitags.org) or contact Admissions.

Upon reopening, we will be instituting COVID 19 screening procedures in keeping with all state and federal guidelines. If you will be attending a class in June, please bring a mask and gloves.

In an effort to keep you up to date on the current pandemic and how it is particularly affecting the maritime industry and MITAGS community, we've compiled some of the best resources and information we could find. Click here to access our [COVID-19 FAQs page](#).

If you have any additional questions, especially regarding any upcoming training needs, please know that MITAGS is here to help as best we can!

Please contact us via e-mail if you have questions or concerns.
