

Revised May 21, 2021

Maritime Institute of Technology and Graduate Studies (“MITAGS”), and the Maritime Conference (“MCC”) COVID-19 Policy for Students, Conference Attendees, Guests, Contractors, and Employees

MITAGS and MCC are committed to doing what is reasonably possible to provide a safe and healthy environment for all students, guests, contractors, and employees. To that end, we have developed the following procedures for the campus in response to the COVID-19 pandemic. Our goal is to prevent, to the extent possible, the potential for transmission of COVID-19 on the campus. This requires everyone’s full cooperation. *Please note the term “guest” in this policy refers to employees, students, conference attendees / speakers, contractors, and any other visitors to the campus.*

COVID-19 Campus Protocols

While on campus, the following procedures have been adopted for everyone's safety. They include:

Shuttle Service

The MITAGS-MCC shuttle is temporarily not in service. If you are flying into BWI or traveling by train to the BWI Amtrak Station, please take a taxi, Uber or Lyft. The fare should be around \$15. If you are eligible for transportation reimbursement, please scan / take a picture of all of your receipts along with the reimbursement form and send them to admissions.east@mitags.org. For safety reasons, Admissions will only accept reimbursement forms and receipts electronically.

Face Masks

All persons fully vaccinated are not required to wear a face mask or stay six (6) feet apart at our facility. In order to help protect groups that utilize our facility during a "restriction of movement" or ROM, there may be times that face masks are required in the hallways and other public spaces. MITAGS-MCC will communicate any concerns during these periods. If you forgot to bring your mask, the front desk will supply you with one at check-in during these times.

All persons not fully vaccinated are required to wear a mask while in meeting, classrooms, and public spaces. If you forgot to bring your mask, the front desk will supply you with one at check-in. Additional facemasks are available for purchase in The Store, adjacent to the hotel Front Desk.

Personal Hand Sanitizer

When checking into the hotel, you can request a personal container of hand sanitizer. Additional sanitizer is available for purchase in The Store, adjacent to the front desk. Remember, that the use of hand sanitizer is not a replacement for frequent washing of your hands for at least 20 seconds.

Public Hand Sanitizer

Hand sanitizer dispensers are located at the entrances, lobby, breakroom and other critical areas. Please use them when you are unable to wash your hands. Please do not handle or relocate any hand sanitizer dispensers.

Capacity Limits

Effective May 15, 2021, MITAGS-MCC is no longer required by state regulations to limit meeting room capacity. Physical distancing in meeting spaces will be accommodated for conference groups as requested.

Contagion Prevention in the Air and on Surfaces

Keep your personal classroom / meeting / office space clean. Follow the standard protocols of using a tissue to cover your nose and mouth when coughing / sneezing. If tissues are not available, then

cough/sneeze into your elbow to avoid spreading airborne particles and wash your hands or use hand sanitizer immediately thereafter.

Measures for Unavoidable Physical Distancing

For some classes / meetings, it may not be possible to maintain physical distancing during the practicums. For those events that have a mix of fully vaccinated and unvaccinated attendees, KN95 masks will be provided to unvaccinated attendees for any exercise involving close personal contact, and students will be asked to wash their hands immediately. The training gear will be immediately sanitized following exercises requiring close personal contact.

Remain on Campus for the Safety of All

We encourage you to remain on campus for the totality of your stay. Traveling off property increases the risk of exposure to yourself, our students, guests, and staff. If you do venture off property, please follow local, state and CDC guidance.

If You Are Not Feeling Well

In the event you become unwell during your stay, please immediately self-quarantine in your sleeping room / home and notify your instructor, MCC representative, or front desk via phone. **If your symptoms are severe, call 911 first.** Advise them of your situation and the persons with whom you have had close personal contact. If necessary, and to the extent possible, we will help you arrange for medical attention. Under certain circumstances and if necessary, we will work with you to establish your quarantine on campus until you can safely arrange to return home.

Facility Protocols

Access to the Academic buildings will be restricted during the early morning and evening hours. COVID temperature screening and symptom screening for students will take place in the classroom at the start of each class day with the instructor. Please check with Admissions or MCC representatives for any updates. The Administrative offices are restricted for staff only.

Housekeeping

The public spaces of our facilities will be cleaned daily, and on routine rotations during working hours.

All sleeping rooms are cleaned and sanitized before the rooms are put back into service. A seal is placed on the door to verify the room has not been entered since the cleaning / sanitizing process occurred. If you do not see a seal on the door, please return to the front desk, and they will reassign you to another room. Please note that you may see a residue on hard surfaces due to use of fog machines. *(Note that magazines, irons, clock, etc., have been temporarily removed from the room to facility cleaning. If you need any of those items, please request them from the front desk.)*

For the safety of our guests and Housekeeping staff, guest rooms are being serviced once a week, unless additional service is requested. Housekeeping staff will be wearing masks and gloves and they are required to comply with the MITAGS-MCC COVID-19 Policy. Note that you must leave the room if housekeeping or maintenance needs access to your room. If you prefer to opt out of service during your stay, please inform the Front Desk. A no-contact delivery of additional linens and guest room amenities can be placed in a bag outside of your guest room upon request.

Use of Public Restrooms

There are numerous public restrooms on the campus. Housekeeping will be cleaning them on a regular basis. Overnight students and guests are encouraged to use their sleeping room bathrooms if there are concerns regarding physical distancing.

Pool, Recreation Area, Gym and Bar

The pool and fitness room are open, and our bar is available during limited hours. Any relevant restrictions are posted in each area.

Laundry/Store

Laundry facilities are available for overnight guests. There may be times that access will be restricted to specific hours.

Meals

There will be limited dining and break services. Guests have the option of a served buffet with seating in our Chesapeake Dining Room, or a “grab and go” and eating meals in their sleeping room. The guest room floors will have additional trash receptacles near the elevator to dispose of the food containers. Please do not leave empty containers in the room since housekeeping service is limited. Please refer to your student welcome letter, information from your group contact, or our front desk for the current meal hours.

Please let Admissions or MCC representative know if you have any dietary restrictions (vegan, vegetarian, glucose intolerance, etc.). This will ensure you have an adequate selection. Additionally, instructors / MCC representatives are being asked each day to provide a head count to the kitchen for the following day.

Other

Access to the MITAGS-MCC Administrative, MM&P Credit Union, Plans, and Union offices located on campus are by appointment only. If you don't have contact information for the MITAGS-MCC Administrative staff member, please contact Admissions@mitags.org. For contact information for the Plans, the Federal Credit Union, or MMP HQ, please visit www.bridgedeck.org.

COVID-19 Testing

As COVID continues to impact all areas of the U.S., MITAGS-MCC is strongly requesting that all conference guests seek out COVID-19 testing within three (3) days prior to arrival if you have not been fully vaccinated. We understand that testing may not be readily available in your area and we do not wish to create any undo hardships or out of pocket costs for our conference attendees. Additionally, we request that if you are able to receive the seasonal flu vaccine that you do so prior to arriving. Many of the COVID symptoms mirror flu symptoms.

COVID-19 testing may be arranged at an additional cost to any group interested. Arrangements must be made in advance.

MITAGS Students COVID-19 Vaccinations or Testing Requirements

Beginning 01 June 2021, anyone attending a MITAGS course, seminar, simulation regardless of the length of time on campus must be vaccinated or provide a negative COVID-19 test that was conducted 72 hours prior to arriving on campus. For students who cannot receive a COVID-19 vaccine for documented medical or documented religious reasons, exemptions will be accommodated.

For several months, teams of experts – including our medical advisors, local health experts, and staff have convened to assess the research and public health guidance, so we can continue forward on the best course possible. We know from nationally reported data that vaccinations are successfully preventing COVID-19 infections, hospitalizations and deaths. For this reason, it is more critical than ever that our entire education community works together to ensure that the progress we have made does not stop.

- Students will need to verify that they have been vaccinated with Admissions before the start of their course. Scanned, photocopies, or electronic images of your COVID-19 Vaccination cards (records) or certification by a medical provider are acceptable.
- If you request an exemption, you will be required to provide a negative COVID-19 test conducted 72 hours prior to arrival on campus.
- Failure to provide either of these will result in the student being requested to leave the campus immediately.

Health Self Screening for COVID-19

Before arriving to the campus, students, guests, and employees are asked to self-screen their health status by carefully considering the following questions: If you answer **yes** to questions 1, 2, or 5, we cannot let you come onto campus. *If you answer yes to questions 3, 4, and 6, please provide details.*

PRE-ARRIVAL and Daily Screening Health Status Questions		
1. Are you currently feeling SICK?	YES	NO
2. Have you had any of the following symptoms in the last 48 hours? <input type="checkbox"/> Fever <input type="checkbox"/> Cough (not due to allergies) <input type="checkbox"/> Sore Throat <input type="checkbox"/> Shortness of Breath <input type="checkbox"/> New Loss of smell or taste <input type="checkbox"/> Chills <input type="checkbox"/> Repeated shaking with chills <input type="checkbox"/> Muscle Pain (not related to physical activity) <input type="checkbox"/> Headache <input type="checkbox"/> Nausea or vomiting <input type="checkbox"/> Diarrhea	YES	NO
3. Have you traveled internationally in the past 10 days?	YES	NO
4. Have you been in close physical contact in the last 14 days with: Anyone who has symptoms consistent with COVID-19? OR Anyone who is known to be diagnosed with COVID-19?	YES	NO
5. Are you isolating or quarantining because you tested positive for COVID-19 or are worried that you may be sick with COVID-19?	YES	NO
6. Are you currently waiting on the results of a COVID-19 test?	YES	NO

Temperature Checks

Students, guests, and employees may be subject to daily temperature checks when entering campus buildings. Refusal to participate will result in not being allowed to enter, attend classes, or stay on campus. If the temperature check reveals the person has a suspected fever, the person will be directed to report home or to their sleeping room and will be required to wait until the person has experienced 72

hours without a fever (without aid of medicine) before allowed to return. In the case of employees, to the extent telework is feasible, employees will continue to telework until a return to campus is possible.

COVID-19 Exposure

If the student, guest, or employee appears to be exhibiting signs or symptoms of COVID-19 (i.e., fever, cough shortness of breath), the person may be directed to complete a screening assessment to answer questions regarding whether the person is experiencing COVID-19 related symptoms. The person must complete the additional questionnaire, if requested. If the responses to the questionnaire reveal that the person is exhibiting signs or symptoms of COVID-19, the person will be directed to report home or to their sleeping rooms until signs or symptoms of COVID-19 subside. In the case of employees, to the extent telework is feasible, employees will continue to telework until a return to campus is possible.

MITAGS-MCC strongly suggests that students, guests, and employees get tested if they are experiencing signs or symptoms of COVID-19, to the extent testing is available. If a student, guest, or employee tests positive for COVID-19, the person is obligated to inform MITAGS-MCC immediately upon receiving the test results. MITAGS-MCC will then inform others whom have had close contact with that person (i.e., within 6 feet for a prolonged period of time in the last 48 hours before symptoms started) and tell them to self-quarantine per CDC guidelines. If the person exposed is fully vaccinated, they do not need to stay away from others or get tested unless they start to exhibit symptoms.

If COVID-19 tests are not available, the student, guest, or employee who exhibited COVID-19 symptoms will only be allowed to return to campus when the person has had no fever without use of medicine for 72 hours, respiratory symptoms have improved, and at least 10 days have passed since the person's COVID-19 symptoms first appeared. Alternatively, if COVID-19 diagnostic tests are available, the person will be allowed to return to campus if the person no longer has a fever (without aid of medicine), respiratory symptoms have improved, and experienced two negative tests for COVID-19 in a row (at least 24 hours apart). The name of the student, guest, or employee who tested positive will be kept confidential consistent with applicable law.

The return to campus guidelines above is based on current Centers for Disease Control ("CDC") guidance and will be modified as CDC updates its guidance.

Physical Distancing

As per the recommendation of the CDC and upon further guidance from state and local officials, physical distancing is no longer required for vaccinated individuals.

Respiratory Etiquette/Handwashing

All students, guests, and employees are strongly encouraged to wash their hands thoroughly with soap and water frequently throughout the day, but especially at the beginning and end of their trainings or work, prior to and after any meal breaks, and after touching common surfaces and equipment or tools.

Everyone is strongly encouraged to cover their mouth and nose with their sleeve (i.e., into the elbow), or use a tissue when coughing or sneezing and to generally avoid touching their eyes, nose and mouth with their hands. Tissues should be used once and disposed of immediately in proper trash receptacles. Hands should either be washed or sanitized afterward.

Cleaning, Disinfectant and Sanitization Protocols

Students, guests, and employees have the responsibility to sanitize their own personal workstations. All common areas will be cleaned by assigned staff daily. MITAGS-MCC will make all reasonable attempts to provide disinfecting supplies throughout the accessible common areas, classrooms, and work stations, subject to availability. MITAGS-MCC will engage a cleaning service to do a thorough cleaning of the entire building on a regular basis.

If a student, guest or employee has tested positive for COVID-19, MITAGS-MCC will engage an outside cleaning service as soon as reasonably possible to perform a thorough cleaning and sanitization of the building areas that person used prior to testing positive.

High-Risk Employee and Leave Requests in General

If an employee (or a person with whom the employee lives or provides care) believes they are at high-risk for severe complications arising from a COVID-19 infection, the employee may request an accommodation for their work schedule in the office. Such requests will be considered on a case-by-basis and will depend in part on the needs of the office, the ability for the employee to complete all job assignments remotely and the ability to coordinate with the work schedules of other employees. The granting of such requests will be up to the sole discretion of the MITAGS-MCC Executive Director and will be considered consistent with applicable law.

The privacy of a person making an accommodation request will be kept confidential consistent with applicable law and no adverse employment action or other retaliatory action will be taken due to a person making an accommodation request.

Any leave requests will be handled consistent with MITAGS-MCC general leave policies as set forth in its General Policy Guide, with the understanding that additional types of leave are now available under federal law as a result of the COVID-19 pandemic. MITAGS-MCC will address such requests consistent with applicable law. Employees will be only be paid for work outside the office if (1) the MITAGS-MCC Executive Director has permitted an employee to work remotely or as an accommodation to specific requests from a high-risk employee, or (2) the employee is taking paid leave under MITAGS's leave policies and applicable law.

If a student (or a person with whom the student lives or provides care) believes they are at high-risk for severe complications arising from a COVID-19 infection, we encourage the student not to attend on-campus training. MITAGS offers blended learning courses to facilitate continued education from home.

Staff Close Contact Exposure

If an employee has a close contact exposure outside or inside of the workplace, the employee must notify their supervisor. The supervisor will advise HR and a "Right To Know" procedure will follow.

The Executive Director or designee will inform other employees, guests, or students that may have had contact with that employee. Assigned designee(s) will follow COVID-19 Standard Operating Procedures.

The employee must avoid coming to work or leave immediately if at work if the known exposure occurred less than 10 days from the date of becoming aware of the exposure. The only exception to this is if the employee is fully vaccinated. The employee may remain at work if fully vaccinated and not exhibiting any

symptoms, otherwise the employee may return to work once the 10 day quarantine has passed or after day 7 if the employee has received a negative COVID test having been tested on day 5 or later.

Fully Vaccinated Guests, Students, Staff

Conference group leaders may require masks of fully vaccinated individuals during their events or meetings. Please contact your group leader for additional guidance.

For MITAGS students, please bring a record of your COVID-19 vaccination. Upon confirmation of COVID-19 vaccination you will be able to go without a mask in the classrooms and public areas unless otherwise directed.

For MITAGS-MCC staff that are fully vaccinated, notice should be given to your department head as well as human resources. If staff is not fully vaccinated they will be required to wear a mask in accordance with CDC guidance.

Violations of COVID-19 Policy

The MITAGS-MCC Executive Director is the person responsible for monitoring and implementing the campus COVID-19 Policies. If the Executive Director is not on-site, a Manager on Duty (MOD) will be designated to monitor compliance. Any violations of the COVID-19 Policies by students, guests, or employees must be reported immediately and directly to the Executive Director. Students, guests, and employees may also report such violations to the Executive Director or his designee. Deliberate violations of this policy may lead to removal from the campus, and employees may be subject to disciplinary actions.

The privacy of any person reporting a violation of the COVID-19 policies shall at all times be respected and shall be treated confidentially, to the extent possible and only disclosed to the extent permitted by law. No students, guests, or employees who make such a report shall be subject to retaliation or any adverse action based upon making such a report.

(continued on next page)

ACKNOWLEDGEMENT OF RECEIPT OF COVID-19 POLICIES AND RELEASE

I, _____, acknowledge that I have received and read the MITAGS-MCC COVID-19 Policy ("the Policy") and agree to comply with the Policy. I acknowledge the contagious nature of COVID-19 and understand and accept the risk that I may be exposed to or infected by COVID-19 while on the MITAGS-MCC campus and that such exposure or infection may result in my illness, disability, or death. I also acknowledge that the Policy is designed to minimize the probability of contracting COVID-19 while working, attending classes / events, or rooming on the campus. It is critical that the Policy be followed in order to best protect me and those around me. I understand and agree that the Policy may be amended from time to time, in the sole discretion of MITAGS-MCC, and I agree to be bound by any such amendments when they are provided to me.

Date: _____

Name of Student, Guest or Employee

Signature of Student, Guest or Employee

Employees, Students, or Guests who do not sign the statement above, will not be allowed on campus.

Please submit the signed COVID-19 Policy prior to your arrival at MITAGS.
